

PINNACLE PEAK HOME SERVICES

Professional Home Watch | North Scottsdale

Your Clients' Homes Need Watching.

We Make Sure Nothing Goes Wrong While They're Away.

Most of your North Scottsdale clients spend months away from their homes each year. While they're gone, small problems become expensive ones — and most homeowner insurance policies require regular inspections for vacant properties to remain covered.

That's where we come in.

- ▶ Seasonal residents who travel 3–9 months per year
- ▶ Buyers with a new second home in Scottsdale
- ▶ Sellers with a vacant listing sitting on the market

Flip over to see how it works — and what it costs.

What We Do. What It Costs. How to Reach Us.

Every visit includes a full interior and exterior walkthrough, photos, and a written report sent directly to your client after each visit.

- ▶ HVAC, plumbing and appliance checks
- ▶ Exterior inspection — roof, doors, windows, garage
- ▶ Pool and landscaping visual check
- ▶ Storm and monsoon damage assessment
- ▶ Package retrieval & mail collection
- ▶ Pre-arrival home preparation
- ▶ Photo documentation after every visit
- ▶ Immediate notification if issues found
